Subject: RE: EPA's Approval of Washington Aqueduct Bypass Request - NPDES Permit No. DC0000019

Thank you Hamid for the letter on this subject. I just wanted to acknowledge receipt and that our respective agencies have been in discussion about a modified plan for addressing the solids buildup for several weeks. We have received drafts of modified plans from the Aqueduct last week and will be sharing these with you shortly for DDOE review and input.

I am confident we can find a path forward that meets our respective needs.

Thanks - Jon
